

Welcome to Alexander Galt Regional High School

Door #2

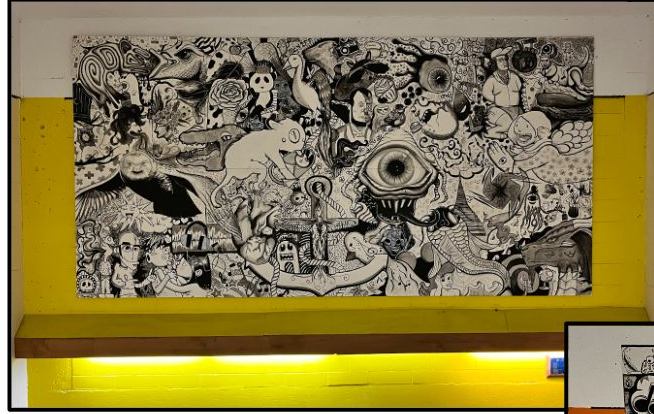

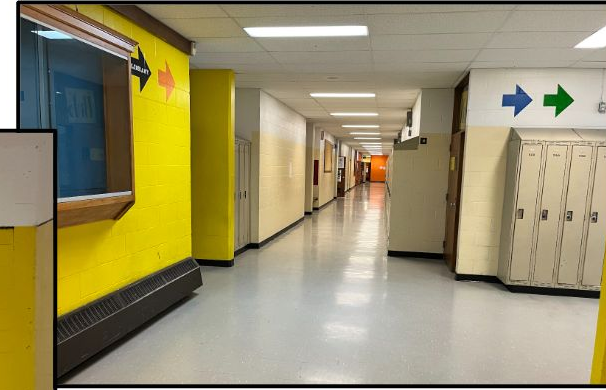

Door #2 is the door that all students enter through each morning. It's where your busses will drop you off and it leads directly into the Yellow Hallway on the second floor

Yellow & Orange

The Yellow and Orange hallways are where all the Cycle 1 lockers are and where the majority of the cycle 1 classes are held. Each of our stairwells are adorned with murals designed by our Art Concentration Students. This is where you will spend most of your day.

Yellow Office

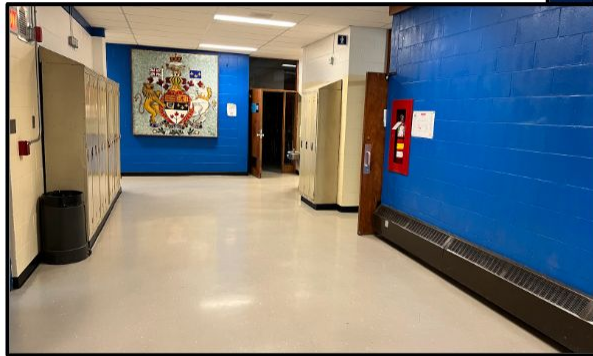

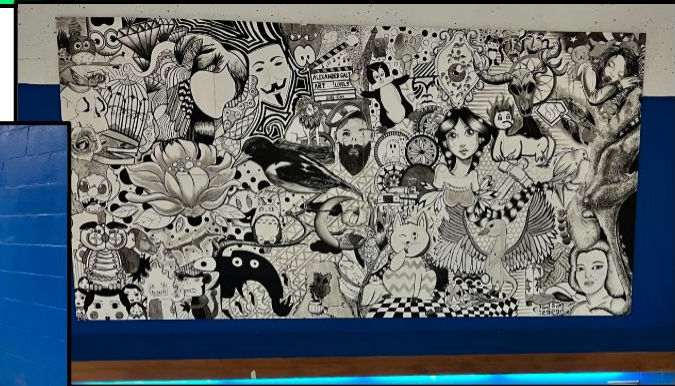

Yellow office is the Cycle One Office. For those of you in regular stream or a concentration, this will be your office. Your Vice-Principal is Marc Ghilarducci and the Cycle One Secretary is Pam Cloutier.

Blue & Green

Blue and Green is predominantly for Cycle 2 Classes but is also home to our MAPS & WOTP Classes as well. It's also home to our Cycle 2 office, the Cycle 3 office, and the Piper Pit.

Blue Office

Blue office is the Cycle 2 Office, this is for all of our Secondary 3, 4, and 5 students in regular stream or concentrations. The Cycle Two Vice Principal is Tia Rousseau and the Cycle Two secretary is Lana Humphrey.

Central Office & Lobby

Central Lobby is where you will find a number of the school's personnel. Central Office is home to our Principal, Financial Officer, and Executive Secretary. You would also go to Central Lobby to find Student Services, the School Nurse, the Computer Helpdesk, the Auditorium, and the Activities Office. It's a busy place!

Auditorium

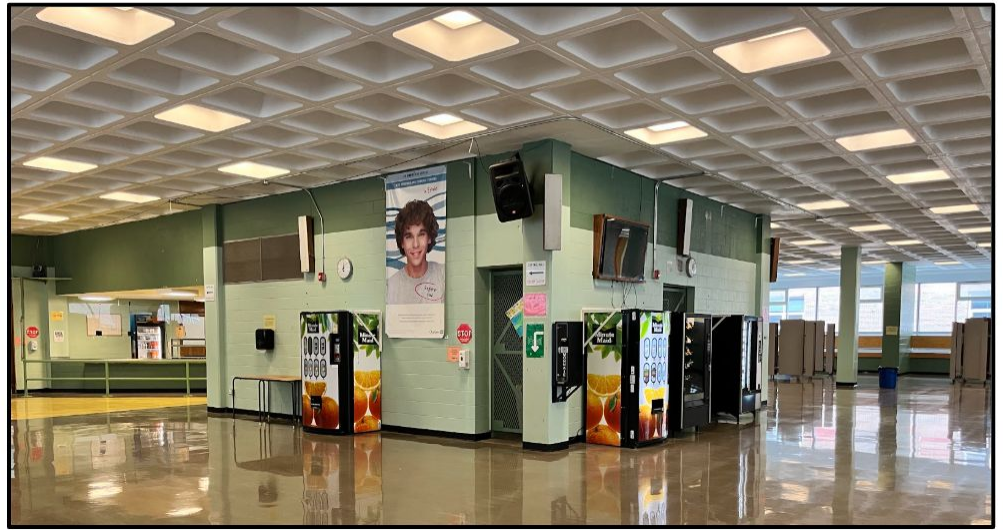

Our Auditorium serves many functions. It's where we'll welcome you next year for Orientation, where we hold student assemblies and presentations, and also where all of our Award ceremonies take place. It is also home to all of the fantastic theatrical productions held by our Drama dept and the Performing Arts Concentration students.

Cafeteria

Our Cafeteria has seating for over 500 students. Serving hot and cold meals every day, it also houses several of our vending machines, and a number of microwaves for our students. There is student radio at lunch and a variety of activities throughout the year. It is only one of the options available for students to eat their lunch.

Quiet Lounge & Piper Pit

The Small cafeteria and Piper Pit are both located in Green just outside the office. They offer another spot for students to eat or relax during lunch hour.

The Quiet Lounge is another option, which, as you can tell from the name, is a quieter more calm environment in which to eat and relax at lunch time.

Gymnasium

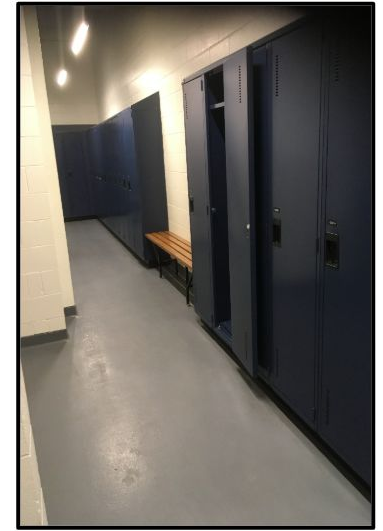

Our gymnasium at Galt is home to our Phys Ed programs, our Basketball teams, intramurals, and our Sports Concentrations. It's a newly renovated space that the Pipers are proud to call home. It also includes Boys and Girls locker rooms, a small gym, a Concentrations classroom, and a weight room.

Gym facilities

- When you have Phys Ed., you will use the locker rooms to change into your Gym clothes.
- You will need to place your regular clothes in a locker and then lock it.
- After Gym, you will change back into your regular clothes and bring your Gym clothes and your lock back to your locker.

Library

Situated in the middle of the 3rd floor, the Galt Library is a great place to find books, materials for class projects, and a place to relax at recesses and lunch.

- The librarians are Judith and Andrew
- They will help you find books and reading materials you are interested in.
- You may eventually choose to have lunch or tea in the library Bistro

The Hub

The Hub is on 3rd Floor in Yellow and is there to support students. Sometimes this means with organizational help, mental health support, or just a quiet space to calm down.

Classrooms

We have many dedicated teachers at Galt who do their best to create a welcoming environment in which their students can reach their full potential. These include separate spaces for the Music room, Drama Room, several art classes, a mechanics room, and a newly renovated Dance Studio.

It's Raffle Time!!!!
