MASSEY-VANIER HIGH SCHOOL

CYCLE 1 FRENCH IMMERSION PROGRAMS

Massey-Vanier High School offers FRENCH IMMERSION programs for students who wish to follow most of their courses in French at the Secondary 1 and 2 levels. The considerations for entry into French Immersion are that students must be passing all of their previous level courses and have teacher recommendations. Students need to be motivated learners and have the desire to learn French.

Please note:

If sufficient numbers do not warrant two groups in the level, only one group will be offered. Students will then be selected based on academic standing as well as teacher recommendation.
