Massey-Vanier gave me the opportunity to explore Art, Music, Drama and Dance throughout my student career

Teachers at MV, above all else, give the students their 'time' by volunteering, remediating and organizing clubs, events, teams and trips.

When I walked into the school during MV's Open House Night, I knew this was where I wanted to send my children... it felt like a family - like an extension of our home.

I'm very artistic and the MV Arts program, specifically the dance program, motivated me to persevere with my studies and graduate.
